HEYWOOD HOUSE

A stunning Jacobean mansion house near Westbury in Wiltshire. Set in 25 acres of glorious gardens and parkland, this is the perfect location for outdoor events.

An established event management company based in Wiltshire. We specialise in creating and delivering extraordinary and bespoke events throughout the UK.

TEAM BUILDING

We can create a team building package to suit the requirements of your event.

You may wish for activities to accompany a meeting or conference or may wish to entertain clients. We will deliver a tailored program aimed at creating unity and boosting team morale. We take care to ensure that the events are all inclusive, providing a mix of participative activities to suit all ages and abilities.

Examples of activities that work well at Heywood House are as follows:

Tree Climbing

The grand, established trees throughout the estate lend themselves to some very exciting tree climbing and high wire opportunities. Challenges include zip wiring across the main front lawn from the house to the lake, 'ring the bell' high wire challenge and climbing into the canopies to enjoy the amazing panoramic views. For the less adventurous, there are plenty of ways the rest of the team can lend support from the ground.

Wild Art

Using natural materials including wood, stone and plants, teams work peacefully to create artwork inspired from the the surroundings under professional guidance of local artists.

Duck Herding

A fun, interactive activity that involves teams using a working sheepdog to herd a gaggle of geese around an obstacle course, all against the clock.

Axe Throwing

This sounds more dangerous than it actually is!! When else do you get the opportunity to throw an axe in an attempt to pop a balloon? Other target sports can be provided including archery, air rifles, crossbows and laser clay shooting.

Drum Workshop

A vibrant and energetic way to enhance team communication. Being involved in the performance of diverse African and Latin rhythms is a very satisfying and interactive experience. Samba dancing can also be incorporated into this workshop.

Orienteering

Test old fashioned map and compass skills on an extensive trail that can also include the neighboring Clanger and Pickett Woods. The opportunity to walk and talk with colleagues whilst problem solving at the same time is a simple and effective way of integrating team members. A very popular activity.

Foraging

You will be amazed at how much of the British countryside you can eat!! With professional guidance, teams learn about wild food and will try their hand at foraging before preparing and tasting some of the produce.

Bushcraft Skills

We offer various bushcraft activities including wood whittling and fire starting. Can your team boil a kettle to make a cup of tea in 30 minutes in the open air without the use of a lighter or a match?

Catering

The catering team at Heywood House will provide delicious, locally sourced ingredients and generous, wholesome and nutritious meals to satisfy the appetites of your active team members.

Event Infrastructure

We provide tents, marquees, sound systems, toilets, power, scoring systems and all the necessary equipment required to ensure that your guests are warm, dry and comfortable, whatever the weather.

Event Management

Our service includes complete event management from start to finish. We will work closely with you throughout the planning stages of your event. Your dedicated event manager will be present on the day to ensure that everything runs seamlessly and successfully.
